MOUNTAIN BIKING IN THE SOČA VALLEY – A WEEKEND PACKAGE (2 nights)

We would like to invite you to fully experience the valley of the emerald River Soča by bike. Staying in our eco chalets allows you to comfortably spend your leisure time and be rested and in a good mood for biking on biking trails.

Day 1: Mt Kobarški Stol, (difficulty – medium, approx. 30 km)

The mountain ridge of Stol stretches out from Kobarid towards the Italian border and is very interesting for mountain bikers. Although the cycling path does not lead to the summit itself, you will surely enjoy the a wonderful path which crosses the whole panoramic ridge. The ascent itself is not technically demanding, but the altitude difference is substantial and the road is rather rough. The descent is fantastic. A great and exhausting tour in a true mountain-biking spirit.

Day 2: Mt Matajur (difficulty – difficult, approx. 30 km)

The summit of Matajur lies on the Italian - Slovenian border high above Kobarid and the valleys of Soča and Nadiža River. Its round, grassy slope and wonderful trails which descend on all sides are a true magnet for mountain bikers. It's a demanding tour with quite a long ascent and a really fun descent - even for bikers with hardtail mountain bikes.
